

# PAR36 Halogen

The USHIO Halogen 12V PAR36 lamps are built to withstand the demanding conditions of landscape use while still providing optimum performance in track lighting and retail applications. With a life rating of 4,000 hours and a flame-sealed lens, these lamps are designed to last twice as long as incandescent lamps and are protected against the adverse affects of moisture. Not only do these Halogen lamps provide a longer life than Incandescent lamps, they also offer up to 40% more energy savings compared to incandescents, improved lamp-to-lamp color consistency, and a brighter, whiter light source. The PAR36 lamps are available in 20W, 35W & 50W; and in Narrow Spot, Narrow Flood and Flood beam patterns.

## APPLICATIONS

- Commercial Landscape Lighting
- Architectural Lighting
- Retail and Restaurants Lighting
- Track Lighting

## FEATURES & BENEFITS

- Flame Sealed Lens - Ensures Lamps Will Not be Impacted by Moisture
- 4,000 Hour Lamp Life - Reduces Maintenance Costs
- Excellent Color Characteristics - Crisp, White Halogen Light
- Energy Savings - Saves Up to 40% in Energy Costs Compared to Higher Wattage Incandescent Reflector Lamps
- Universal Burn Position

Screw Terminals Base
